

The A.M. Class studied Tulips in the Fall and planted many in front of our school!

Curriculum Overview

What makes our program unlike any other?

- St. Leo Preschool is a comprehensive program. The skills and knowledge the children learn in Pre-3 is built upon in PreK, not just repeated.
- The **Learning Without Tears** program has been implemented into our classroom. The developmentally appropriate program teaches your child the academic skills they need.
- **Seeds** is a lively, spiritual development program for young children to experience the Gospel each week.
- Our **Classical** approach provides classical literature and poetry, improving memorization and vocabulary.

Who We Are

Our mission at St. Leo School is to develop a student's love and service to God and His people. We will quench their thirst for knowledge with education programs based on the Gospel of Christ.

About Miss Aiello:

Miss JoAnne Aiello graduated from Gannon University in May 2018 with a Bachelor's degree in Early Childhood PreK – 4th Grade, and Special Education PreK – 8th Grade. "Working at St. Leos is such an amazing experience for me. I am back in the same preschool that provided me the educational foundation that brought me to where I am today. I have such and appreciation for preschool education, because it teaches the child the fundamentals they will need to be successful throughout their primary years."
