Adults

The journey of RCIA involves weekly sessions from September through the time after the Easter Vigil. Individuals will be educated in aspects of the Church including the Sacraments, Church History, the Mass, the Church Year, Saints, Community, and Mission of the Church. The RCIA format requires the individual to read and participate in discussions of the topics presented during formation. The individual will also experience the sense of community by attending the Mass and becoming an active member of the community.

Additional information and applications for the RCIA journey are located in the back of church on the informational counter.
