

Dear fellow St. Boniface parishioners,

I am writing to follow up the information I provided this past weekend regarding the preliminary diocesan pastoral plan to partner St. Boniface and All Saints parishes. In addition to the formal diocesan pastoral planning survey, which we are asking parishioners to prayer over and complete, we are inviting you to participate in a live conversation to review and discuss the proposed plan. It is important that we collaborate as a parish first in order to prepare for future collaboration with others. Sessions will include an overview of resource materials and time for questions and answers. Your relevant, constructive feedback will be included in our official parish response to the bishop. The session on September 10<sup>th</sup> will also be recorded so that people unable to attend the sessions can view it at home. Please continue to pray for our parish and diocese, that the Holy Spirit will be our guide through this process, and consider attending one of the following listening sessions:

**Sunday, September 10, after 10:30 AM Mass, in the church;**

**Saturday, September 16, after 5:00 Mass, in the church;**

**Sunday, September 17, after 7:30 Mass, in the cafeteria.**

Peace together in Christ,

Fr. Marc
